

## **SHORT BIO TEN-HUT & BURAK (EN)**

The Amsterdam/Zaandam-based band Ten-Hut and saz player/singer Burak Dolutas play original songs and remarkable adaptations of Anatolian traditionals. Burak's virtuoso string plucking, the vocal harmonies and powerful brass section are what makes this an interesting collaboration.

Ten-Hut & Burak have been touring since 2022 with both an energetic festival program as well as a more intimate theater setting. In the same year they released their live album 'YOL'. The album is also available as a full length video.
